SIIA has a busy year ahead with numerous educational and networking events ahead in 2017 that every member will find of great value.

Highlights include:

Winter Webinar Series

SIIA will hold a six-part winter webinar series, which will cover a variety of topics relating to self-insured group health plans, captive insurance companies and group self-insured workers' compensation funds. "Webinar-Wednesdays" will begin January 18, 2017 and run each week through the end of February.

Executive Forum (formerly known as the TPA/MGU Excess Insurer Executive Forum)

March 28-29, 2017 at the JW Marriott Tucson Starr Pass Resort & Spa in Tucson, AZ

The educational focus for this event will be expanded to address the interests of plan sponsors, in addition to third party administrators and stop-loss entities.

International Conference

April 18-19, 2017 at Condado Vanderbilt Hotel in San Juan, Puerto Rico

SIIA's 2017 International Conference is focused on helping U.S.-based companies identify and understand potential business opportunities related to self-insurance/captive insurance in key countries throughout Latin America and the Caribbean. In addition, the event will provide a truly unique networking environment designed to connect U.S. attendees with attendees from Latin America for purposes of exploring partnership and/or business development opportunities.

Legislative/Regulatory Conference

May 3-4, 2017 at the Washington Marriott Metro Center Hotel in Washington, DC

SIIA's Legislative and Regulatory Conference is your opportunity to hear directly from the policy-makers who will shape the health policy agenda in 2017 and beyond. Experience the political process first hand by participating in SIIA's popular "Walk on Capitol Hill". Meet with your federal legislators in their Capitol Hill offices and let your voice be heard. SIIA staff will set up your appointments, provide you with "talking points" and lobbying materials in advance of your meetings.
