

SIIA Endeavors

As a successful 2017 comes to an end, we now look ahead to 2018. To help you stay informed and engaged in 2017, SIIA has an excellent line up of educational and networking events planned for the coming year.

Kicking things off for 2018 is the **Self-Insured Health Plan Executive Forum**, scheduled for March 5-7, 2018 at the Belmond Charleston Place in Charleston, SC. This popular SIIA event has been re-invented for 2018 to be faster-paced and highly interactive educational program, which will be enhanced by new technology features that will actively engage audience members from the beginning to the end. We have also created an appealing and centralized networking area adjacent to the educational sessions to help facilitate attendee connections. Participants are expected to include senior executives representing self-insured employers, third party administrators, stop-loss insurance carriers/MGUs and a variety of industry service providers.

The LatAm International Conference will be April 17-19, 2018 at the Quinta Real in Monterrey, Mexico. This event is designed to help attendees identify and understand self-insurance/captive insurance business opportunities in Latin America — including countries that are considering allowing employers to self-insure, captive insurance company formations and medical travel partners.

Self-Insured Workers' Compensation Executive Forum, May 15-17, 2018 at the Belmond Charleston Place in Charleston, SC is the country's premier association sponsored conference dedicated exclusively to self-insured Workers' Compensation. In addition to a strong educational program focusing on such topics as risk management strategies and innovative ways to prevent and manage loss, this event will offer tremendous networking opportunities that are specifically designed to help you strengthen your business relationships within the self-insured/alternative risk transfer industry.

New in 2018 is **Transcontinental Self-Insurance Symposium**, June 4-6, 2018 at Lloyd's of London in London, England. The political and business environments on both sides of the Atlantic have seen significant change in the past few years. This new event has been organized to help self-insurance industry executives from the U.S., U.K. and EU better understand key trends and the implications for business opportunities for all entities involved with alternative risk transfer arrangements.

We wrap up the year with **SIIA's 38th Annual National Educational Conference & Expo**, September 23-26, 2018 at the JW Marriott Austin, in Austin, TX. The SIIA National Conference & Expo is the world's largest event focused exclusively on the self-insurance/captive insurance marketplace and typically attracts more than 1,700 attendees from around the United States and from a growing number of countries around the world. Registrants will enjoy a cutting-edge educational program combined with unique networking opportunities, and a world-class tradeshow of industry product and service providers guaranteed to provide exceptional value in four fast-paced, activity-packed days. This is truly a can't miss event!
