

SIIA ENDEAVORS

As a successful 2018 comes to an end, we now look ahead to 2019. To help you stay informed and engaged in 2019, SIIA has an excellent line up of educational and networking events planned for the coming year.

Kicking things off for 2019 is the Self-Insured Health Plan Executive Forum, scheduled for March 18-20, 2019 at the Westin Charlotte Downtown in Charlotte, NC. This popular SIIA educational and networking event brings together senior executives representing key business partners supporting self-insured group health plans, including third party administrators (TPAs), stop-loss carriers/MGUs, brokers/consultants, captive managers and leading service providers, with the objective of promoting improved collaboration in order to grow the self-insurance marketplace in a responsible way.

This year's Forum will continue to follow the interactive program introduced in 2018, with faster-paced and highly interactive educational sessions, enhanced by new technology features that will actively engage audience members from the beginning to the end. The Self-Insurance Educational Foundation, Inc. (SIEF) will be hosting a Top Golf Event in conjunction with the Forum on March 18th, and there will be a SIIA Future Leaders (SFL) "Mini-Program" at the beginning of the event.

Self-Insured Workers' Compensation Executive Forum, May 7-9, 2019 at the Westin Nashville in Nashville, TN is the country's premier association sponsored conference dedicated exclusively to self-insured Workers' Compensation. In addition to a strong educational program focusing on such topics as risk management strategies and innovative ways to prevent and manage loss, this event will offer tremendous networking opportunities that are specifically designed to help you strengthen your business relationships within the self-insured/alternative risk transfer industry.

The International Conference will be May 14-16, 2019 at the JW Marriott in Miami, FL. This event is designed to help attendees identify and understand self-insurance/captive insurance global business opportunities – including counties that are considering allowing employers to self-insure, captive insurance company formations and medical travel partners.
