

SIIA.ORG

### SIIA MEMBERS SHARE OPINIONS AND UPDATES

As part of SIIA's recent Spring Forum in Tampa, hundreds of attendees participated in a live audience polling session. They were asked to share anonymous opinions about various industry developments and updates about their own companies.

The results were displayed in real time to those in attendance. Given that many self-insurance industry professionals were unable to attend the session, we are republishing the results here.

# How was your Company's Financial Performance in 2024?
